Visiting an international trade fair and exhibition

Step 1

Make Early Travel Arrangement

Trade fair periods are normally high season
Early booking will ensure you get the flights and on the dates you prefer;
gives you a better chance to secure accommodation in the city of your choice

Step 2

Use a Reputable Travel Agent

Always use a travel agent who is experienced in trade fair travel packages
If you prefer to use your own travel agent, make sure they have the accommodation you require at an affordable price and at a suitable location

**A travel agent offering a cheap package may not work out as your best choice
There must be some services (such as airport transfer)
Or products (such as Entrance Tickets) that are not included**

Make sure the travel package includes an Entrance Ticket to the exhibition
With this Ticket, you may travel free of charge (conditions apply) with the U-Bahn, the S-Bahn, the bus and other local transport in Duesseldorf, Frankfurt or Hannover

Step 3

Always consult your Malaysian Representative

Check with us for a list of our appointed travel agents
If you wish to have a group travel package done specially for members of your association, speak to us
We can arrange for a Welcome Reception for a Malaysian Delegation/Visitor Groups at the fairground

Plan early for a pleasant and successful visit
